

## Five Survivors Of Italia Are Ill With Fever

Most of Them Show Signs of Mental Aberration, According to Members of Swedish Rescue Ship—Many Meeting Aboard the Italia.

Stockholm, July 10 (P).—The five survivors of the Italia are ill with fever and most of them show signs of mental aberration, according to members of the Swedish rescue ship Quest. Little hope is held for their immediate rescue. Their morale is low.

Lieutenant Einar-Paul Lundborg, who was marooned on the ice near Fox Island with them for 13 days, said that his stay was terrifying. They had very little food and what they got was rather unpalatable. They were re-provisioned before he was rescued, however.

Lieutenant Lundborg said all the survivors were suffering from fever and most of them showed signs of mental aberration. Guseppi Biagi, radio operator, was suffering from fever for the last two days before Lundborg was rescued but nevertheless he arose at least twice daily to operate the wireless.

Since Lundborg was rescued last Friday there has been radio contact with the marooned men, advice from the Quest said.

### Mobile Controls Censorship.

Other details coming from Spitzbergen conflict with reports of the disaster given out by General Umberto Nobile. All telegrams from the base ship, Clita Di Milano, where Nobile is, having been censored. Nobile is allowed to telegraph in any language except Italian and all telegrams to Rome are controlled by Nobile himself.

It was learned, however, that Nobile now says the radio was all right from the first minute after the crash on May 25. Nobody can explain how the Clita Di Milano and other stations were unable to pick it up until June 9, when the base ship first announced that it had established communication with the survivors.

General Nobile's mysterious statement about the unexpected fall of the dirigible and that the crew was prepared, appeared to conflict with the fact that there were 500 pounds of provisions in the navigable cabin for six people. This was held to indicate that measures had been taken for a forced landing. Otherwise the stores would have been kept in the dirigible's interior. Dr. Finn Malmgren and the two men who started afoot for land with him had fifty pounds of stores when they started on May 30. They had no weapons and it was thought that they all perished.

### Hope for Rescue by Ice Breaker.

Hope for rescue of the marooned men appeared to lie in the Russian ice breaker Krassin. This vessel had progressed through the ice field today. It was 25 nautical miles away from the marooned men. Prospect of rescue by air was believed to be dwindling. A landing on the ice with a small sport plane was possible only when the temperature was below freezing, said Captain Tornberg, head of the Swedish rescue mission, and at present the temperature is above the freezing point.

The spokesman for the Italian ministry of marine denied in Rome that there had been a mutiny aboard Italia. General Umberto Nobile was warm tribute to the obedience and discipline of the entire crew. All honored for the expedition and all had exceptional service records in the Italian navy and other branches of the service.

He also declared that Natale Cecconi, motor chief, was alive when the reports were received Saturday night after Lieutenant Lundborg had been rescued. There had been rumors that Cecconi had died before Lundborg's rescue.

### DECLARE SURVIVORS WERE UNABLE TO WALK ACROSS ICE

Oslo, July 10 (P).—Dispatches from Spitzbergen to Norwegian newspapers today said the five survivors of the Italia marooned on the ice near Fox Island saw land only a few miles away but were unable to walk across the ice to it.

Lieutenant Einar-Paul Lundborg's story of the terrible time he spent with them indicates all five had fever and were strange in certain ways. Motor Chief Cecconi, whose leg was broken in the crash, is seriously ill.

The Russian ice breaker Krassin was understood to be meeting very difficult ice conditions in its attempt to reach the stranded party. At Kings Bay it is hoped that the ice breaker Krassin, which is taking another route, will be able to reach them.

### VICTIM OF "BIT AND RUN" DRIVER IS IMPROVED.

The condition of Pietro Ortolio of Lake Katrine, who was struck by a "bit and run" driver of an automobile Sunday evening while walking along the highway near Katrine, is reported as improved. He sustained a fracture of the skull and injuries to his shoulder. No trace of the car which struck him has been found but it is known it bore a New Jersey license. Ortolio was taken to the City of Kingston Hospital by a passing car.

## Business Will Support Hoover

Secretary Mellon Predicts Business Will Give Him Same Support As Coolidge—Leaders Plan for Vigorous Drive in East.

Washington, July 10 (P).—With Republican leaders laying plans for their promised vigorous drive for eastern votes, Secretary Mellon has added the weight of his opinion to the situation by predicting that business will support Herbert Hoover as it has President Coolidge.

Mr. Mellon's views were made known tersely late yesterday. He was confident of Republican success in November and declared the outlook "as promising as it can be at this time." The treasury secretary will sail tomorrow for a short sojourn in Europe.

As a means of an effective campaign in the east, already termed the battleground of the political struggle, Chairman Work of the national committee is considering the advisability of inaugurating a series of regular weekly conferences to be attended by eastern party leaders for the purpose of discussing the progress of the campaign and meeting developments as they arise.

He has called for such a meeting at New York Monday. It is expected that the conference will be similar to that held here on Saturday, at which an eastern advisory council was formed.

### Senator Moses' Part in Campaign.

The national chairman took occasion late yesterday to clarify the part which Senator Moses of New Hampshire is to play in the campaign. After telling him a contact man between eastern state bodies and the national organization, Mr. Work late in the day made public a telegram from the Senator in which he denied that he had gone to New York to open an eastern headquarters for the national committee.

Considerable speculation had followed chairman Work's statement of Saturday that Senator Moses would outline the plans and policies of the eastern campaign as a member of the advisory council.

Mr. Hoover's plans for the future are now definite. He is to leave Washington Saturday night for the summer White House in Wisconsin, and after a day with President Coolidge proceed to the Pacific coast, arriving in San Francisco on July 20. After a reception and celebration in that city, he is to motor to his home at Palo Alto.

There on August 11 he is to receive the formal notification of his nomination and deliver his address of acceptance. Senator Curtis of Kansas is to be officially informed of his vice presidential nomination at his home in Topeka a few days later.

### TEMPERANCE UNION SEES ELECTION OF HOOVER.

Evansville, Ill., July 10 (P).—A statement issued from national headquarters of the Woman's Christian Temperance Union today said that Herbert Hoover could lose most of the east and still be elected president next November.

The Republican nominee might be defeated in New York, Pennsylvania, Massachusetts, Connecticut and New Jersey and still win a majority of the nation's electoral votes, the statement said.

Two or three west neighborhoods in a state do not give the state to Tammany," the W. C. T. U. officers asserted, citing figures to show that 61 west votes in Congress came from scattered districts in 15 states.

The Temperance Union also declared that women of the middle west are organizing "almost entirely on an anti-Tammany basis."

"The tremendous strength of organized women has turned to Hoover almost exclusively because of his pronounced views favoring prohibition, his personal attitude against liquor, and the probability of an efficient enforcement of the law under a Hoover administration," the statement said.

### FIRE DESTROYED GARAGE AT MALDEN ON SUNDAY

Sunday evening about 7 o'clock fire destroyed the two-story frame garage of Frank L. Steenken on the Caswell place at Malden. The two automobiles in the garage were ruined and escaped destruction. The apartment upstairs were occupied by a maid employed in the Steenken home, and she lost some of her wearing apparel. The furniture was burned, but her services were unavailing as the flames were beyond control when they arrived. The origin of the fire is unknown.

### Airist Killed in Tail Spin.

Fort Snelling, Minn., July 10 (P).—Lieutenant N. Samuel Furber, 32, of St. Paul, was killed when his airplane went into a tail spin and crashed in a corn field near Mendota late yesterday. The crash occurred when Furber was instructing a student, Hugo Lung, who escaped with slight injuries. Lieutenant Furber was a member of the air squadron of the Minnesota National Guard.

### Excelsior Band Concert Tonight.

The weekly Tuesday band concert by Excelsior Home Company brass and reed band will be held this evening on the upper porch of the Elks Club, Fair street.

## Smith Pledges Aid to Farmers

Declares If Elected He Would Begin at Once to Formulate Plans for Farm Relief—Campaign Plans Will Be Announced Within 48 Hours.

Albany, N. Y., July 10 (P).—Democratic campaign plans are shaping up rapidly and within 48 hours will be disclosed to the country. In New York city tomorrow the national committee will organize and a chairman will be named to direct operations. Governor Smith, Democratic presidential nominee, and Senator Robinson, his running mate, both will attend the meeting and will have much to say in the mapping out of battle lines.

The vice presidential nominee, after a brief stop-over in Albany yesterday, proceeded to his destination by train, leaving the Governor behind to make the trip today by automobile.

On the way Governor Smith planned to visit a Boy Scout camp at Bear Mountain and drop in at the National Guard camp across the river, near Peekskill.

The meeting here of the two nominees was their first since they were nominated at Houston. For an hour they discussed campaign strategy, organization and issues, but all they would say later as to the ground canvassed was that the situation had been discussed in a general way.

Coinciding with their chat, however, it was disclosed that Governor Smith had given his word that if elected he would begin at once to formulate a legislative program for farm relief. He gave this pledge in a message to W. H. Settle, president of the Indiana Farm Bureau Federation, who had inquired as to his position.

### Pledges to Aid Farmers.

Asserting that on the farm question he stands "squarely on the pledges given by the Democratic party at Houston," the Democratic presidential nominee told Settle that if he wins in November he would not wait until his inauguration to act but immediately would call a conference of leaders to aid him in drafting a legislative program of relief during the winter.

"I understand and sympathize with the objects which organized agriculture is struggling to attain and which our party has promised them to secure," he informed Settle, who in his message of inquiry had told the Governor that "the farmers are looking for assurance of relief from the economic servitude in which they have been held for seven years."

In replying Governor Smith departed from the policy both he and Senator Robinson have adopted of refraining from any open discussion of campaign issues until after their official notifications, or at least until after tomorrow's national committee meeting.

The selection of a committee chairman, who will manage the campaign, will be left largely to Smith by the committee members, although he has expressed a desire to obtain a consensus on the subject. He has decided that he had made any decision as to the most available man for the post.

### May Select Senator Gerry.

Speculation has revolved around a number of prominent Democrats in this connection, including Senator Gerry of Rhode Island, Senator Pittman of Nevada, who has been the governor's house guest here for several days; Owen D. Young, chairman of the Board of the General Electric Company; Melvin Taylor, president of the First National Bank of Chicago; Franklin D. Roosevelt, who placed Smith in nomination at Houston; and Roland S. Norris of Pennsylvania, former ambassador to Japan. General belief has been that Senator Gerry is most likely to be selected.

One of the things likely to be determined at tomorrow's conference is the date for Smith's notification here as well as Robinson's in Arkansas. The custom in the past has been for the Democrats to let the Republican nominees take the lead, but there is agitation by some party leaders to have Smith and his running mate fire the first gun this year.

August 11 has been fixed as the date of Herbert Hoover's notification. If the Democrats decide to stand by until after that time, it will be mid-August before Smith delivers his acceptance speech, in which he expects to discuss fully the issues of the campaign.

### Negro Jailed for Assault.

Harry Evans of East Kingston, a negro, who was arrested on Sunday on a charge of assault in the third degree and held to await examination, was taken before Judge Charles P. Jennings at Lake Katrine, town of Ulster, on Monday. He was found guilty and sent to jail for 90 days and a fine of \$50 imposed.

### Heat Kills Watertown Infant.

Watertown, N. Y., July 10 (P).—Edwin K. Webb, four months old, died as a result of the heat which held this city in its grasp for more than three days. The boy, apparently well during the early hours of yesterday, died during the afternoon. Thunderstorms during the night resulted in a fall in the temperature today.

### Pythian Sisters' Dance at Rifton.

A. W. Reynolds Chapter, Pythian Sisters, will hold a dance at Rifton Hotel Wednesday evening, July 11. Busses will leave the central post office for those who wish to go.

## 7-Foot Sliver Passed Through DeWitt's Body

Foxhall Avenue Man Seriously Injured While at Work at Wood-Sawing Machine at Lorillard Plant on Grand Street Monday—At Kingston Hospital.

A seven-foot sliver of wood passed completely through the body of Louis DeWitt of Foxhall avenue about 4 o'clock Monday afternoon while he was at work at a wood-sawing machine in the plant of the Lorillard Company on Grand street. He was rushed to the City of Kingston Hospital in the ambulance where Dr. Frank A. Johnston and Dr. C. B. Van Gaansbeck performed an operation. This morning his condition was reported as being still very critical.

The machine at which DeWitt was at work when injured contains a large revolving saw placed in about the center of a long table. This saw revolves in the direction of the man using the machine. In feeding the machine long pieces of timber are handled and it was while feeding some timber to the machine that it suddenly "kicked" the piece of wood away from the saw toward the operator. A seven-foot sliver of the hard wood entered DeWitt's left groin and passed completely through his body, emerging near the right groin.

The wound was so severe that the man bled profusely, and it not rushed to the hospital in record time he would undoubtedly have bled to death.

DeWitt was immediately placed on the operating table and from his body was removed splinters of wood and of splintered bone. It was found that the large pelvic bone had been shattered. Unless unforeseen developments occur DeWitt is expected to recover.

### The accident was a most unusual one.

### Secret Police Building Bombed

Moscow, July 10 (P).—Tass, Soviet News Agency, announces that a red guard was killed July 6 when a bomb was exploded by two alleged white guards in the bureau of permits of the P. G. P. U. (the Soviet secret police). Another guard was wounded.

One of the bombers, alleged to be a former officer under General Wrangell, was killed in flight. His accomplice was arrested in the neighborhood of Podolsk.

Berlin, July 10 (P).—A witness to the bomb outrage at the P. G. P. U. (Soviet secret police) building in Moscow on Friday night arrived here and said he believed the number of victims might be greater than had been announced.

He said he was on Lubianka Square when he was startled by a tremendous explosion which was followed by a shower of broken window panes. Immediately afterwards a troop of P. G. P. U. soldiers rushed from the buildings and chased spectators down the side streets. Afterwards a detachment of infantry closed all outlets from the square.

Several ambulances rushed to the scene, he said. He asserted foreign newspaper men were denied information and everything was done to interrupt telephone telegraph communication abroad.

One of the buildings is the prison for political offenders and it is understood this was filled at the time. There were also a considerable number of officials in the building, the witness said.

Berlin newspapers said that it is rumored in Moscow that there are numerous dead and injured from the explosion. It is also reported that many arrests of political opponents were made immediately after the bombing.

### TWO LOCAL TRIBES OF RED MEN COMBINE

Minnewaska Tribe, No. 130, Improved Order of Red Men, and Wawarsing Tribe, No. 322, Improved Order of Red Men, have combined under the name of Minnewaska Tribe. The uniting of the two local tribes of Red Men will give Kingston one of the largest organizations in the Hudson Valley. Henry G. Machold, district deputy, will install the officers at the next meeting of the tribe. The meeting nights will be on the first and third Fridays of each month at Odd Fellows Hall, corner of Brewster street and Broadway.

### Arrest Fifty Catholics in Mexico.

Mexico City, July 10 (P).—Fifty Roman Catholics including Jose Revillas Rodarte, a priest, were under arrest today charged with violating the religious laws. Police said they were found in a private residence fitted with an altar and the necessary equipment for conducting Mass. A quantity of literature was seized and is being examined to determine whether it is seditious.

### An Auto Collision.

Monday afternoon the cars of Emma S. Bellows of Woodstock and Marvin S. Jones of Wrentham street collided on North Front street. Both cars were somewhat damaged but no one was injured, according to the report made to the police department.

## Minority Parties Draw Battle Lines

Prohibitionists, Farmer-Laborites and Jefferson-Lincoln League Talk of Merging Behind Single Presidential Candidate—Differences Over Policy Apparent.

Chicago, July 10 (P).—Three national minority parties began drawing battle lines today for the November elections. Each group gathered here in separate conventions—the Prohibition party, the Farmer-Laborites and the Jefferson-Lincoln League—but there was a pronounced pre-convention sentiment that the three finally would merge their strength behind a single presidential candidate. The most likely name mentioned as satisfactory to all three was that of United States Senator George W. Norris of Nebraska.

Representatives of the three parties last night discussed the feasibility of uniting under one banner in the fall elections in behalf of the same candidates. The idea that each party maintain its autonomy, prevailed, however, though the groups indicated willingness to unite on the prohibition issues, as well as upon national candidates.

Prohibitionists Aim to Defeat Smith. In the Prohibition party convention, of which Dr. D. Leigh Colvin of New York, was temporary chairman, the dominant note was to "defeat Smith."

Dr. Colvin said there were three courses open to the Prohibitionists. The party might refrain from nominating any candidate, he said, thus enabling its adherents to vote for the Republican nominee, Herbert Hoover; it might decide to nominate an outstanding Prohibitionist, possibly Charles W. Randall, former congressman from California; or, third, it might select a southern candidate, with a view to drawing Democratic votes from below the Mason-Dixon line.

### Farmer-Labor Keynote a Woman.

The appearance of Laura Hughes Lundy, Chicago, on the speakers' platform at the Farmer-Labor convention as the keynote marked the first appearance of a woman addressing a national political convention in that capacity. She was one of the organizers of the Labor Party in Canada and has been prominent in labor affairs throughout the United States.

Meeting in conference yesterday afternoon the National Labor Party and the Northwest Farmers' Conference agreed to merge their plans and policies.

### League Ready to Merge.

The Jefferson-Lincoln League, headed by J. A. Edgerton, Washington, D. C., has practically agreed to merge with the Prohibition party. Edgerton said, adding it was likely that the league would not attempt to form a third party if the Prohibition party failed to name a presidential candidate.

J. E. Hammond, of Des Moines, Iowa, a former prohibition enforcement chief, was one of the group that favored the defeat of Herbert Hoover. He claimed Hoover had several anti-prohibition political managers in his campaign organization. Hammond also urged the selection of a southern Democrat to draw Democratic votes for Smith.

### ANNUAL OUTING OF S. OF V. AND AUXILIARY

The annual outing of the Sons of Veterans and their Auxiliary, will be held Wednesday evening. The start will be made from headquarters at Mechanics' Hall on Henry street, promptly at seven o'clock when all the members with their families and friends will gather in the many autos which have been donated for this occasion and journey to a designated point on the Saugerties road when the fun and games will commence.

There will be treats for both young and old, and an orchestra will furnish music for dancing. All Sons not members of the local camp and all eligibles are invited to be present and make this outing one long to be remembered.

### TWO MEN INJURED IN AN AUTO COLLISION

A Ford touring car of Edward Sperl of Veteran and a Ford sedan of Terrance Coyle of New York came together on the King's Highway near Saugerties Sunday night and both cars were badly damaged. Sperl had his nose cut and also his chin and arm. Charles Hommel, riding with Sperl, had his nose broken. Coyle was not injured. Sperl and Hommel were removed to the Beers Sanitarium in Saugerties where their wounds were dressed. Silvester Lasher of Veteran, an occupant of Sperl's car, was placed under arrest on a charge of public intoxication and was fined \$10.

### Arrested on Forgery Charge.

Harold David Muranic of Liberty was placed under arrest Monday afternoon by Deputy Sheriff Constable and Sergeant Cunningham of the State Troopers at Florida, Orange county. The arrest was made on a bench warrant charging forgery at the town of Ulster. Muranic had been traveling under several names and was known as Harold DeBois, Harold Coal and H. C. Murray at various times.

## Rain and Winds Break Heat Wave

Loss of Two Score Lives Attributed to Heat in East—No Relief in Sight in Other Sections—Glens Falls Recorded Temperature of 98 degrees.

New York, July 10 (P).—Rain and cooling winds today had broken in some sections of the east the 10-hour heat wave which has claimed over two score lives, but in other sections no immediate relief was in sight. The little town of Richville near Gouverneur, N. Y., was struck by a wind and electrical storm last night which uprooted trees, damaged houses and put the lighting and phone systems out of order.

At Ottawa, Ont., a severe wind and rain storm suddenly caused the death of one man who picked up a live wire which had been blown down by the 50-mile an hour wind. The roof of the New York Central freight shed was blown off, lighting and communication systems were disrupted and many buildings damaged.

New York city experienced the hottest weather in two years. The thermometer reached 92 at noon, driving thousands to the beaches, where many spent the night under police guard. Six deaths directly attributed to the heat were recorded and there were numerous prostrations.

The highest temperature in the east was 98 degrees, recorded at Glens Falls, N. Y.

Three children seeking relief from the heat at Middletown, N. Y., were drowned in Lake Jefferson when their improvised craft sank a few feet from shore. Three deaths were reported from the district around Albany, and two from the Buffalo district.

Pennsylvania reported five deaths, Connecticut two.

At Jamestown, N. Y., a laborer, believed crazed by the heat, which reached 97 degrees there, hanged himself.

A hail storm at Plattsburgh, N. Y., did considerable damage.

### Over Billion in Worthless Stocks

Attorney General's Office Believes Only Test Applied in Many Cases Was "Will the Stuff Sell?"

New York, July 10 (P).—Securities in excess of \$1,000,000,000 sold "over-the-counter" since the war, have defaulted or become worthless, an investigation by Assistant Attorney General Timothy J. Shea has disclosed. Shea did not name any individuals, groups, securities or plans for prosecution but promised further revelations.

The "over-the-counter" market is the name given to the trading maintained by brokerage firms not members of any recognized exchange in stocks and bonds which are not listed or actively traded in on either the New York Stock Exchange or the New York Curb Market.

"In recent years the number of over the counter dealers and traders has increased by hundreds," Shea said. "Many of these new firms are conscious of their responsibilities and have the best of intentions. Others, however, deliberately take a position in worthless offerings so fundamentally worthless that it would seem the only test applied by their house of issue was the one question 'will the stuff sell?'"

### RELEASE GUARDSMEN FROM DUTY AT TEXTILE MILLS

New Bedford, Mass., July 10 (P).—Release of 90 National Guardsmen, held in reserve as a precaution against violence in the strike of 28,000 textile operatives, was decided upon today when picket lines and crowds at the mills were reduced to a minimum at the opening of the mill gates this morning.

The decision to release the guardsmen from duty followed a check-up by police of the number of pickets and spectators at the 27 mills involved. This check-up also revealed that of about 20 strikers who went to work yesterday when the mills opened after twelve weeks of idleness, but a few if any went to work today.

### CARD PARTY JULY 18 AT ST. PETER'S SCHOOL HALL

A card party will be held at St. Peter's School Hall on Wednesday, July 18. The games will commence at 8:15 p. m. The public is invited to attend; refreshments will be served.

The proceeds of this affair are to be used towards defraying the expenses of repairing the bowling alley. This work has just been completed and it is expected that the members of the bowling clubs will lend their hearty cooperation to make the social held for this benefit big and successful. This can be done by assisting the committee and attending the card party.

### Our Growing Population.

The following births have been reported to the board of health: Mr. and Mrs. Abram C. Wood, Jr., 210 Foxhall avenue, a son, Robert. Mr. and Mrs. John Monro, East Kingston, a daughter, Teresa Clare. Mr. and Mrs. Henry E. Fisher, R. F. D. 3, Saugerties, a son, Thomas. Mr. and Mrs. John Thomas, a son, Benjamin. Mr. and Mrs. Vaughn Decker, Kerhokken, a son, Donald Clifford. Mr. and Mrs. Decker, a son, Benjamin.

### ROQUE, FEATURE FILM PLAYER, OPERATED ON.

Pasadena, Cal., July 10 (P).—Rod La Roque, feature film player, was operated on for appendicitis yesterday at the Pasadena Hospital, to which he was taken when stricken at his home in Hollywood Sunday night. Attending physicians last night reported the film actor to be out of danger, although the operation was of an emergency nature.

La Roque was preparing to leave shortly for New York for a stage appearance and his wife, Vilma Banky, sister of the film star, said that he probably would proceed with his eastern trip as soon as he has recovered.

## Man Killed at Spillway When Auto Overturns

Frederick J. Goldman Dies Instantly. Wife, Daughter and Other Woman Escape Injury—Believed He Applied Brakes Too Rapidly—Other Occupants Suffer From Shock.

Frederick J. Goldman, 31, of 2565 Botanical Garden, New York, was instantly killed Monday afternoon on the Ashokan boulevard when his Nash car overturned at the end of the bank pavement over the dyke a short distance west of Spillway. His wife and daughter, Elena, 10 years old, and Mrs. J. Halloran of West New York, N. J., who were riding in the coupe with him at the time, escaped injury. They were not thrown out of the car when it overturned.

The cause of the accident is not known but from what the officials gathered after the accident it appears that Goldman, who was returning from a short trip through the mountains, was driving fast as he left the brick pavement and entered on the macadam. It is presumed he applied his brakes too rapidly and the car overturned.

Goldman received a severe fracture of the skull and one side of his head and face was crushed in.

At 5:30 o'clock when the accident happened there was considerable travel on the road and a crowd quickly gathered and raised the car to permit the occupants who were not injured to be removed. It was found that Goldman had died instantly. The other occupants were suffering from shock but apparently escaped bodily injury. The car was a new 1928 Nash coupe.

Word of the accident was sent to the sheriff's office and Under Sheriff Doyle responded. Coroner W. N. Conner was also notified and went to the scene. Mr. Conner took charge of the body and brought it to his undertaking parlors in this city and later took it to New York city. Mrs. Goldman and her daughter and Mrs. Halloran accompanied the body to New York.

There was no one in the immediate vicinity at the time of the accident who witnessed the mishap and could tell just how it happened. The car was not badly damaged.

Mr. Goldman was employed in a New York bank as a cashier.

### ESCAPED GUARDS IN ORDER TO GET BAIL.

Tupper Lake, N. Y., July 10 (P).—R. J. Stanfield, who was wounded while fleeing from Troopers and a prohibition agent and who escaped from his guards at a hospital here Sunday, has delivered himself to State Troopers at Malone. Stanfield, a former Trooper, called the Malone State Police barracks last night and said that he wished to return. He appeared shortly after his telephone call, was brought before United States Commissioner M. H. Burnow and posted a bond of \$2,000.

Stanfield's explanation of his disappearance from the hospital here was that he did not wish to go to jail while bond was being secured, so he left to get the bond money himself.

### BUSINESS CERTIFICATES FILED WITH COUNTY CLERK.

Jacob S. Cohen of Ellenville has certified to the Ulster county clerk that he is conducting a business in the town of Wawarsing under the name and style "The Maple Grove House."

Addison C. Haynes and Wilbur J. Turk, R. F. D. No. 4, Kingston, have certified under the assumed business law that they are conducting a business under the name and style, Haynes & Turk, general contractors and builders.

Carherine Fernald has filed with the Ulster county clerk a certificate that she is conducting a business in the town of Rosendale under the name and style, "Pine Pearl House."

### FRY FISH FOR PRESIDENT IN ORDER TO PAY ALIMONY

Milwaukee, July 10 (P).—As between frying fish for President Coolidge and going to court to resist a divorce action, Ernest Gilpin favors frying fish.

Gilpin, employed in the summer White House kitchen at Cedar Island Lodge, wrote the Milwaukee Circuit court that he would be unable to appear to answer charges of desertion and cruelty filed by his wife. He said to do so might cost him his job.

The court entered the letter as an answer in the case and directed Gilpin to fry enough fish to assure Mrs. Gilpin \$12 weekly separate maintenance allowance.

### ROQUE, FEATURE FILM PLAYER, OPERATED ON.

Pasadena, Cal., July 10 (P).—Rod La Roque, feature film player, was operated on for appendicitis yesterday at the Pasadena Hospital, to which he was taken when stricken at his home in Hollywood Sunday night. ## Principal Coons Files Resignation

Franklin P. Coons, for many years principal of School No. 7, has filed his resignation with the board of education. The resignation has been referred to the teachers' committee for consideration. Mr. Coons' resignation was due to ill health.

At a meeting of the superintendent and principals of the city's schools held the latter part of June a committee of three consisting of Principals Frank L. Meagher, P. H. Cullen and Arthur H. Russell were appointed who have drafted the following letter which has been sent to Principal Coons. The letter which speaks for itself, follows:

Kingston, N. Y.,  
June 28, 1928.

Mr. Franklin P. Coons,  
Kingston, New York.

Dear Mr. Coons:  
At a meeting of the superintendent and principals of the schools of Kingston held June 27, 1928, we whose names are signed below were appointed a committee to express to you on behalf of the teaching force of Kingston our feeling toward you, now that you have ceased to be actively associated with the work that has been yours for such a long period.

We feel that your splendid record as a successful school executive has established for us a high mark which we may strive to equal; that your many character, your hatred of all sham and hypocrisy, your devotion to duty, your conscientious care of the boys and girls committed to your charge, your standing as an ideal citizen in our community, your sturdy support of your teachers, your pleasant and helpful association with us in a common cause, all these call for our heartfelt expression of the privilege we have enjoyed in being associated with you and the inspiration your life and work has been to each of us.

And, speaking for the whole teaching force of Kingston, we wish to express our regret at your leaving the active field of education, and to tell you that we refuse to acknowledge any actual severance of the tie that binds you to us; we shall ever insist that at all times you are associated still, and we trust, in the Providence of God, this fellowship with you shall be ours for many years to come.

Yours in affection and respect,  
FRANK L. MEAGHER,  
P. H. CULLEN,  
ARTHUR H. RUSSELL.

## Probe Post Office Patronage

Atlanta, July 10 (AP).—A special grand jury has been called to meet tomorrow at Biloxi, Miss., to investigate the alleged sale of post office patronage in that state, a sub-committee of the Senate post office committee investigating similar charges in Georgia, announced here today.

Mrs. Mabel Walker Willebrandt, assistant United States attorney general, is now en route to Mississippi to observe the grand jury inquiry, which the Senate sub-committee said it also would watch closely with a view to following it up with an investigation of its own at an early date.

The committee announcement said that a mass of information concerning the Mississippi charges had been placed before it and that it was the plan to take up these matters shortly and make a thorough investigation concerning the sale of federal offices in that state.

Under present plans the committee will close its hearings here tomorrow evening and return to Washington to hear the postmaster general.

## TONIGHT'S BAND CONCERT IN REAR OF HIGH SCHOOL

The band concert to be given by the Jr. O. U. A. M. Band tonight will be played in the rear of the high school instead of City Hall Park, as announced elsewhere in The Freeman. The program is published on another page of this issue.

## Coolidge to Accept Both Resignations

Superior, Wis., July 10 (AP).—President Coolidge will accept the resignation from the cabinet of Secretary Hoover of the Commerce Department, but the date of acceptance has not been decided as yet.

President Coolidge will not ask the Republican presidential candidate to remain in the cabinet during the whole electoral campaign.

The resignation of Secretary Work, of the Interior Department, will also be accepted by Mr. Coolidge.

The chief executive has many names before him to fill both vacancies. As yet he has made no choice.

## ACCIDENTAL DEATH MOST LOGICAL EXPLANATION

Brussels, July 10 (AP).—Judge de la Rumiére, who presided at an investigation into the death of Captain Alfred Lowenstein, believes that accidental death seems the most logical explanation of the mystery.

He refused to give a death certificate, however, since the mystery developed in an English plane in French territorial waters and the Belgian authorities were therefore unable to act.

All those in the plane at the time when they claim Lowenstein accidentally fell to his death testified at the hearing, which was held because the Lowenstein family desired a death certificate.

The president of the district court in Brussels refused administration of the financier's will until death was legally established.

The family is anxious to avoid a British investigation owing to uncertainty as to what it might lead to—even a suicide hypothesis.

There has been no confirmation of an exchange telegraph dispatch from Dunkirk which said a fisherman said a parachute descended about the time the Lowenstein plane was crossing the channel.

## INSURGENTS ATTACK TRAIN AND HANG MEN

Mexico City, July 10 (AP).—Excelsior today printed a dispatch from Patzcuaro, state of Michoacan, saying that insurgents had hanged Carpasco Sandoval, a federal deputy, his brother, Carlos, and the mayor of the town of Tacambaro.

The insurgents under Ladislao Medina attacked a passenger train between Patzcuaro and Arrio and took the men from it. They hung them to telegraph poles along the railroad.

The presidential bureau announced the receipt of an official report saying 34 insurgents had been killed and a number wounded in two battles with federal troops in the state of Guanajuato.

Two hundred and fifty insurgents, slated to be commanded by Aristeo Pedroza, a Catholic priest, were found by federal forces under Captain Diaz at La Concepcion Ranch near Leon. After a battle of three hours the band fled, abandoning 21 dead.

## STRUCK BY LIGHTNING, IN CRITICAL CONDITION

Honeoye, N. Y., July 10 (AP).—Mrs. Cornelius Masten, 45, is in a critical condition at her home here from burns and shock received when she was struck by a bolt of lightning yesterday.

The woman was struck as she was descending a stairway in her home and was unconscious several hours. A 10 year old girl also in the house was stunned.

## ROUND-THE-WORLD MEN REPORTED AT MANCHURIA

Tokyo, July 10 (AP).—John H. Mears and Charles G. D. Collier, trying to establish a round-the-world record, are reported in dispatches to the Japanese News Agency Rengo to have arrived at Mukden, Manchuria, from Chita, Siberia today. The Americans expect to start for Tokyo early tomorrow morning.

## TELLS MOTION PICTURE MEN TO KEEP OUT OF POLITICS

Hollywood, Cal., July 10 (AP).—Addressing the publicity men of the motion picture world Mayor James J. Walker of New York last night declared he had been informed the industry "had been delivered into the camp of one of the major political parties."

The New York mayor declared that if the film industry allowed its neutrality to be violated in the 1928 Presidential campaign, it must expect the consequences of such partisanship if it guesses wrong.

The New York executive mentioned no names in his address, although several prominent motion picture men are Republicans. They include Louis B. Mayer, who attended the recent Kansas City convention as a delegate; Joseph Schenck, a producer who is a member of the Republican state central committee; and Will H. Hays, head of the motion picture producers and distributors.

"So long as the organized motion picture industry sticks to its function of entertainment it has a right to expect the cooperation of public officials, regardless of their political affiliations, in the development of the industry's legitimate business."

Mayor Walker said his remarks had been inspired by "a small group who participated in the Republican national convention at Kansas City."

## Robinson Would Establish Bureau In Southern State

To Offer an Organized Effort in Several States to Defeat the National Democratic Ticket—Statement of the Vice Presidential Candidate.

New York, July 10 (AP)—Establishment of a Democratic campaign bureau in some southern state to effect "an organized effort in several states to defeat the National Democratic ticket" was advocated by Senator Joseph T. Robinson of Arkansas in a statement today.

The statement of the Democratic candidate for the vice presidency follows:

"The subjects of concern to me and other Democrats just now are for consideration and decision by the National committee in its meeting tomorrow.

"The selection of a National chairman and the conclusion as to what organizations are required, and how and where they shall be set up are of very great importance. Too much stress cannot be laid on the value of an organization that shall extend its activities to every part of the country.

"I would like to have the committee give attention to the proposal to establish a bureau or headquarters at some central point in one of the southern states for the direction of the campaign in the south. Conditions in that section are very different from those which have prevailed in other National campaigns."

"An organized effort is in progress in several southern states to defeat the National Democratic ticket, and while the force and volume of this movement is not yet known, I am of the opinion that sound policies should prompt our party managers to meet this opposition decisively and promptly.

The best manner in which to offset the opposition in the south is of course largely for determination by the National committee and it might be that some effective manner other than herein suggested will be devised. I wish to give emphasis to the advisability of meeting the conditions referred to aggressively.

"Respecting the custom that has prevailed for many years I prefer not to enter upon a discussion of political issues except in a very general way until the formal notification ceremonies which it is expected will take place some time next month. The date has not yet been decided upon.

"The energy and enthusiasm of the Democrats of New York which must be manifest to everyone is a tribute to Governor Smith, whose personal magnetism and genuine interest in the welfare of the masses makes him the outstanding personality in the politics of our time."

Will Probably Make Several Speeches

After giving out his prepared statement to newspaper men at the Mayfair House, Senator Robinson said no definite decision had been made regarding his campaign activities. He said he probably would make several speeches in the west and middle west.

As to what legislation the Democratic party would seek to enact if successful in the fall elections, the senator stated:

"I can say in a general way that the attitude of our party toward farm relief as expressed in the platform and Governor Smith's telegram yesterday is wholly sympathetic. In all probability specific suggestions will be presented at an early stage in the campaign.

"I prefer not to anticipate my campaign addresses," he said, when asked if he would talk on "pillage privilege," as stressed in the convention's keynote address.

## DISCUSS CONDITIONS IN BITUMINOUS COAL FIELDS

Indianapolis, July 10 (AP)—Conditions confronting union miners in the bituminous coal fields of the nation were the basis of discussion today by members of the executive board of the United Mine Workers of America in a special meeting called by John L. Lewis, international president.

The executive board sessions will be followed tomorrow by a meeting of the policy committee.

Starts on Cuba-Mexico Flight.

El Paso, Texas, July 10 (AP)—A dispatch from Mexico City to El Continental, Spanish language newspaper here, says that reports have been received in the Mexican capital that Lieutenant Frederico Campuzano started last night on a Cuba-Mexico flight. He was said to have started learning that the Mexican Fierro had postponed his projected flight to Cuba. The Cuban flier carries good will messages from the Cuban to the Mexican government.

## Discredit Charges Of "Wild Party"

Massachusetts Legislative Committee Fails to Find Evidence of Corruption at State House—Charges Not Made in Good Faith.

Boston, July 10 (AP)—A special legislative committee which investigated charges of an alleged "wild party" at the state house last year has discredited them.

The committee, headed by Senator Hugh A. Clegg of Methuen, declared it could find no evidence "that would warrant it in substantiating the charge that there was misconduct by members and other state officials within the state house on April 28, 1927."

That was the date of the end of the legislature of that year and the day of the alleged party.

A minority report filed by representative Garrett H. Byrne of South Boston demanded that William M. Forgrave, superintendent in Massachusetts of the Anti-Saloon League and author of the charges, be censured and denied the privileges of a legislative agent.

The investigators assailed Freeman D. Dickinson, a state boiler inspector, now stationed at Pittsfield, who had advanced the liquor diversion story.

Dickinson, the committee held, had not made his charges in good faith. It recalled that fact that his letter to Governor Fuller setting forth the allegations had not been written until four days after he had been transferred from his post at Boston, although many of the alleged incidents recited by Dickinson and his corroborating witnesses had occurred over a period long previous.

The committee charged that Dickinson had acted "for the purpose of enforcing or substantiating a threat that he intended to make in the event he found himself in any controversy with the commissioner of public safety or any other purpose that he, Dickinson, might deem beneficial to himself in any emergency."

Referring to the testimony concerning the "wild party" which had been offered by two detectives employed by Forgrave, the report said that "in reaching this conclusion your committee has not found it necessary to take into consideration the fact that the only two witnesses who testified to improper conduct were themselves found to have criminal records."

## CHARGE POSTOFFICE EMPLOYEES PAID TRIBUTE

Atlanta, Ga., July 10 (AP)—The senate committee investigating Republican patronage in this state was prepared today to delve deeper into charges that postoffice positions have been sold and employees assessed tribute that they might hold their jobs.

With disclosure yesterday that many postal employees have made regular monthly contributions to the funds of the Georgia Republican central committee and admission by Ben J. Davis, former national committeeman, that he had heard complaints of collections, Senator Walter F. George and William J. Harris of Georgia believed the opening wedge had been driven.

Record of payments from postal employees was contained in a card index submitted at the request of the committee by John W. Martin, treasurer of the central committee, who denied that any assessments had been made by his office or by anyone else so far as he knew. He said he had accepted the money as voluntary contributions.

Although Senator Brookhart, Republican, Iowa, is chairman of the committee and with Senator Locher of Ohio comprises the members of the committee here, they called upon them because of their familiarity with conditions.

Sensor George has been investigating patronage conditions for four years, and with Senator Harris was co-author of the resolution under which the committee was empowered to carry its investigation into any state.

It was stated that the inquiry may be taken to several states.

## Heat Wave Not Broken Here.

When Kingston residents awoke this morning it was to find the sky dark and overcast, threatening to spill rain at any minute. It was not until after 10 o'clock, however, that showers broke over the city. The rain did not abate the heat wave to any extent, although today was somewhat cooler than Sunday and Monday.

## New Cabinet for Jugo Slavia.

Belgrade, Jugo Slavia, July 10 (AP)—Unable to get political leaders in the capital to agree upon a new cabinet, King Alexander has turned to his minister to Germany, Zivko Palustich. The minister has been ordered to return to Belgrade and take up the task of constructing a cabinet.

OF LATIN ALPHABET

Constantinople, July 10 (AP)—Flourishing his historic pen, Mustafa Kemal Pasha today made the

first official use of the Latin alphabet for the Turkish language. He signed and dated his photograph in Latin characters as a gift to his former secretary, Hikmet Bey, who has been appointed ambassador to Afghanistan.

This gesture precedes the approaching passage of the law making the use of the Latin alphabet obligatory. It is reminiscent of Kemal's donning a hat himself before passing a law abolishing the fez.

Mayor E. J. DeLonghy today made arrangements with Fire Chief Joseph L. Murphy of the fire department to have some of the fire hoses use one of the large fire hoses to give the children in the vicinity a chance to cool off and have some fun by wetting them down with the hose. The hose that for the fire department is used for fire fighting during the hot spell on the James avenue side of the Central Fire Station.

## LANDSLIDE FILLS CREEK AND CAUSES CROP LOSS.

Another slide, the third within twenty-five years, occurred Saturday night at 10 p. m. on the Arthur Jones farm near High Falls, town of Sandgate, formerly owned by John DeLonghy on the Old Kings Road. This slide embraced a number of acres of ground and caused a derelict change in the topography of the country in that section. The creek running through the Jones farm was filled in completely by the slide and the channel was created some distance away and an island was formed. Mr. Jones, it is reported, lost about one and one-half acres of corn that had attained a considerable growth and which was ruined by the slide. About two years ago there was a slide near this place, but not so extensive as the last one. Another slide about twenty-five years ago did considerable damage.

### 6—First National Conventions

STATE nominating conventions opened in 1928 in protest against the widespread caucus system. It was six years later that the first national party convention was held. Pennsylvania citizens, besides holding the first state convention, had given the idea for a national gathering. The Democrats of Lancaster county in the Keystone state went on record in 1922 as favoring "a convention of delegates from all states of the Union as the best and most expeditious method" of nominating Presidential candidates, although they admitted it would be "entirely impracticable, from the immense extent of our country and from the great expense necessarily incident to an attendance from the extreme parts of the United States."

These difficulties were real. In 1820 when the first national convention was attempted, the United States had only 23 miles of railway, and stage and horseback travel over ill-made roads was extremely slow.

The Anti-Masonic party was one of those sporadic, meteoric third parties that are born and die almost in the same campaign. But to it goes the credit of holding the first national convention.

The gathering met at Philadelphia in September, 1829, and called a second convention to meet in Baltimore a year later. At the latter meeting the party had a representation equal to the number of senators and representatives of the states in congress.

The National Republicans, forerunners of the Whig party, were not slow to imitate the Anti-Masons' example. Baltimore in 1831 was also the scene of their first national convention, with 167 delegates, representing in somewhat irregular fashion 17 states. Members decided upon the candidates by a roll of delegates, each rising in his place as his name was called and announcing his vote.

Henry Clay was the unanimous nominee of the convention, and it recommended the convening of a national assembly of young men in Washington the next year. This body, known derisively as "Clay's Infant School," also endorsed the great compromise.

Neither of these early conventions adopted what could be strictly regarded as a platform. In the modern sense, although they passed resolutions. The ten resolutions adopted by the young men at Washington have been referred to as the first platform ever formulated by a national party convention.

Gen. Andrew Jackson, who had been elected President in 1828, with his keen instinct for getting close to the people, was quick to see advantage in the new nominating method. So, although Jackson was sure of being renominated by the Democrats to succeed himself, he had a national convention summoned for the purpose of ratifying his preference for Martin Van Buren of New York to be the vice presidential nominee. The latter was far from being a favorite with the party, and Jackson decided upon holding the convention to give his running-mate the semblance of a popular mandate.

"Old Hickory" saw to it in advance that most of the delegates were lined up for his man. Those who disapproved of the New Yorker were told it would be well for them to climb aboard the bandwagon unless they wished "to quarrel with the general." It is interesting to note that from this earliest Democratic national convention date certain practices peculiar to Democratic conventions, notably the two-thirds rule, that have persisted right down through the party history.

### Colonial Workers in Silver Men of Genius

It is difficult to say when sterling was first used in America. Undoubtedly Columbus and the early discoverers brought certain implements with them on their discovery trips. We know for certain that the early colonists used sterling brought over from the Old world.

Their sterling treasures, many of them heirlooms, were cherished as too valuable to leave behind. An occasional sterling object on the rough tables of the early Americans furnished a particularly bright spot in the drab life of the pioneers.

It was not long, however, before the colonies developed their own native silversmiths.

Much of this early American silver is still in existence to bear witness to the genius of that time. Such names as Standish Barry, Peter Van Dyke and the immortal Paul Revere stand out among the colonial silversmiths—Chicago American.

### Jockey Club Autocratic

The Jockey club was incorporated under the laws of the state of New York on February 8, 1894. The first annual meeting was held December 31, 1894. It now has jurisdiction over all the flat racing in the state of New York. It also ascertains and keeps pedigrees of horses in the United States. No horse can start in a race at a recognized meeting unless it has been registered and named.

### Famous Diamond

The word "Kohinoor" is Persian for mountain of light. The diamond which bears this name is said to have weighed 793 carats originally. It is one of the crown jewels of Great Britain and its present weight is 1061-36 carats.

## Butter's Place In Daily Diet

Dairy Product is Rich in Vitamin A.  
One of the Most Important Vitamins Which Are Known to Modern Science.

The value of butter in the diet was the subject of a health talk broadcast from WGY recently by Dr. James A. Tobey, editor of the public health column in "The American City."

"A well balanced diet is now recognized as essential to the promotion and maintenance of health," said Dr. Tobey. "It is necessary for proper growth and physical development, especially during early life, but at all ages an adequate and correct diet contributes to strength, vigor, and a favorable resistance to disease."

"Few indeed are the foods which by themselves possess this significant power to increase the vitality of the individual so that he is better able to prevent or minimize the invasion of disease. The well balanced diet which does this is usually selected from many articles, the combination of which yields the elements necessary to nourish the body in an effective manner."

"There is, however, one food which occupies a preeminent place in the diet because of its unusual nutritive value."

"The reason why butter has such

an unusual value is because of its richness in vitamin A. In some ways the most important of the half dozen or more vitamins which are known today. With the exception of cod liver oil and egg yolk, butter is, in fact, the most abundant source of vitamin A.

"Vitamin A is not only absolutely necessary to growth and reproductive ability, but it definitely prevents a serious eye disease called xerophthalmia. Moreover, the more vitamin A there is in the diet, the greater is the resistance of the individual to infectious diseases, particularly colds and other maladies of the respiratory tract. There are no idle assertions, but are supported by the reports of notable research."

### Makes Life Longer and Better.

"Not only does vitamin A in abundance in the diet make life longer, but it makes it better. It defers the onset of old age, produces greater success in the rearing of young, and contributes to the welfare of the offspring, whose own growth is more rapid and more generally efficient. It looks as if vitamin A were one solution to the problem of the quest for the fountain of youth."

"Another point about this vitamin which occurs so copiously in butter; it can be stored in the human system, which means that the body can be fortified with a nutritional reserve upon which to depend in an emergency as well as during normal times."

"The American Public Health Association was so impressed with the significance of this vitamin that it recently advised that, 'Since the

storage of vitamin A in the body has been shown to be so important, it becomes plainly a wise economy to invest rather freely in this factor of food value in order that the body may be adequately insured in this respect."

"From the standpoint of nutrition, there is no substitute for butter, and some of the limitations of it have an equal vitamin value."

"Milk, and its products, leafy green vegetables, and fruits should form the basis of every well balanced diet, because these are the so-called 'protective' foods. Good butter is unique as nutriment and well worth the most favorable consideration on the table of everyone."

### MILTON.

Milton, July 9.—The Ladies' Needlecraft and Women's Missionary Societies of the Presbyterian Church will hold their monthly meeting Wednesday afternoon, July 11, at 2:30 o'clock at the home of Mrs. Alice Crowell on Landing street.

July 19 being the birthday of Sarah Hull Hallock, founder of the Sarah Hull Hallock Free Library in this village, will be celebrated as Founder's Day by the trustees of the library. The public is invited to attend an informal reception at the library building on Main street Thursday, July 19, from 2 to 5 p. m. Refreshments will be served. July 1 this year marked the completion of a fund of \$7,825 raised by the united efforts of the Maids and Matrons' Club and residents of Milton. It was thought to be a good plan to celebrate the liquidation of the debt by paying tribute to the memory of the founder of Milton's first library.

The Milton fire department was called out Wednesday afternoon to fight a fire at the roadside market of F. H. Bond on the South road. The fire was caused by a gasoline hot water heater which set fire to the walls of the kitchen. About \$150 in damage was done. There was no insurance on the building. The flames ate up through the inner ceiling and the rooms were considerably disfigured. The electric lighting was disturbed when the wires were destroyed. Repairs are about completed. Cutting of Newburgh did the carpenter work and Walter R. Seamon of Highland readjusted the electric wiring.

Frank Luger has sold the Walter Sands property to a New York party. The property is near what was formerly known as Sands' dock. A. Gold of Highland and Emil J. Aldorf, a former State Trooper, have taken over the Milton Garage formerly owned by William Spratt.

The Ladies' Aid Society will hold its summer fair Friday, July 27.

Miss Helena Hura, daughter of the Rev. and Mrs. J. A. Hura, was one of the graduates of the Benedictine Hospital, Kingston, last week. She received the Mary E. Voss memorial prize for the most efficient work in theory and practice in medical nursing in her section. The Rev. and Mrs. Hura attended the graduating exercises at Kingston.

The food sale held by the local W. C. T. U. Saturday afternoon was largely attended and all the homemade bread, rolls, cakes, etc., were quickly sold.

A union service was held at the Friends' Church Sunday evening. The Rev. Cecil Haworth, pastor of the church, and the Rev. Lavinius K. Porter of the Clintondale Church took part in the service.

Miss Martha French of Brooklyn was a week end visitor at River View Place, the home of her uncle, Frank Luger.

Mr. and Mrs. Joseph Hallock, who have been spending their vacation here, have returned to Philadelphia.

Dr. and Mrs. Clement Gervais have gone on a motor trip to Vermont. Dr. Gervais' former home.

Mr. and Mrs. Powell Townsend of Yonkers spent the Fourth at the home of the former's parents, Mr. and Mrs. W. H. Townsend.

Mrs. H. A. Northacker and son of Elmhurst, L. L., visited her parents over the week end.

Mr. and Mrs. Raymond Shurtler have moved into their new home adjoining the South End Garage. Mr. Shurtler's place of business.

### HIGH FALLS.

High Falls, July 9.—Bern Mead, who occupied the lower apartment in the Feinberg building, has moved his family to New Paltz.

Margaret and Katherine Steen are enjoying two weeks' vacation with relatives in Poughkeepsie.

The Missionary Society will hold a food sale on Thursday afternoon, July 12, at the store of Thomas Snyder, beginning at 2 o'clock.

Mrs. Elsie Thompson of Kingston was a recent guest of her sister, Mrs. C. Depew.

Mr. and Mrs. Henry Bremer, who were recent guests at the home of Mr. and Mrs. E. Leisman, have returned to their home in California.

Mr. and Mrs. Grant Young and mother, Mrs. E. D. Kortright, were guests of Mr. and Mrs. F. W. Kresteller at Dreamland Farm on July 4.

Mr. and Mrs. Elmer Joseph and daughter and Frank and Daniel Joseph of New York spent the Fourth with their mother, Mrs. Katherine Joseph.

Mrs. Cynthia Van Wagenen and Miss Gwen Church spent Saturday in Kingston.

The Ladies' Aid Society were pleasantly entertained on Thursday last at the home of Mrs. Edward Leisman. The meeting was well attended and a large amount of work was accomplished during the day. At noon small tables were set on the broad porch and a most delicious lunch was served by the ladies out in the open. At four o'clock the business meeting took place and final plans for the fair were decided on. After all business was transacted the hostess served ice cream and cake.

Mr. and Mrs. Robert Wright have been visiting her parents, Mr. and Mrs. Hiram Gheare.

John Shaw of Brooklyn spent one day last week with his old school friend, Oscar Church.

Mr. and Mrs. Ernest LeFevre and Mr. and Mrs. Jonas Steen of Kingston visited Mr. and Mrs. George LeFevre recently.

Mr. and Mrs. Grant Young and Mrs. E. D. Kortright in company with Mrs. Maud Krom motored to the Ashokan Dam on Saturday afternoon and enjoyed a picnic supper.

Mrs. James Overbaugh and children of Catskill are visiting her aunt, Mrs. Preston Church.

Charles H. Erdling and family of St. Petersburg are spending the summer with Mr. and Mrs. Edward Leisman.

Mrs. E. Becker and Mrs. Mary Van Wert of Blue Mountain were called here on Thursday on account of the serious illness of Mrs. Becker's father, George Switzer.

James Sheely of Brooklyn is spending a two weeks' vacation with his sister, Mrs. Maud Krom.

Mr. and Mrs. Leo Whispell of Kingston spent Sunday with her parents, Mr. and Mrs. Victor Lewis.

Mr. and Mrs. Grant Young left on Sunday for their home in Astoria, L. I. after a two weeks' vacation in High Falls.

Albert Krom of Livingston Manor spent Sunday with his mother, Mrs. L. W. Krom.

Mrs. Margaret Elkes entertained friends from the city Saturday night and Sunday.

Mrs. M. Gheare's family have arrived at her home for the summer.

Miss Lulu Van Wagenen and brother, Haywood Van Wagenen, and little niece, Shirley Springer of New Jersey, and Lewis Sherman spent the week end at his home here.

The Rock Cliff House had a large number of city guests over the week end.

### The Basin Ship

CLEANLINESS RHYMES  
By Fairfax Downey

"Baby's boat's the silvery moon,"  
The sweet old song declares.  
But daily in a basin ship  
To sea he boldly fares.

He faces whitecaps made of soap,  
That lap him spick and span.  
A rabbit, like a porpoise, swirls  
By this young sailorman.

Before his voyages are done,  
His brow is dashed with foam,  
But ever safe from storm and wind,  
Baby comes sailing home.

## Factory Payrolls Are Unchanged

Albany, N. Y., July 10 (AP).—Factory payrolls in up-state cities during May, according to the New York State Labor Department tabulations just completed, remained stationary or increased, with the single exception of Syracuse, where a decrease of one and one-half per cent was noted.

Contrasted with the payroll gains throughout the rest of the state was a two per cent decrease in New York city, accompanied by a two per cent drop in employment.

In the Tri-City district, composed of Albany, Schenectady and Troy, payrolls showed an increase of nearly two per cent from April, and were less than one per cent lower than in May, 1921. A decrease in employment of less than one-half of one per cent, the smallest for that period since 1913, was reported.

Employment in Binghamton dropped nearly three per cent and reached a point seven per cent below that of May, 1921, but payrolls remained unchanged. For April and May, payrolls were 10 per cent lower than for May, 1921.

In Buffalo employment increased, contrary to the usual seasonal decline. Increases in payrolls out of proportion to the employment increase were noted, the average weekly earnings per employee being 55 cents higher than in April. Seventy-one per cent of the workers in May received higher wages than in 1921.

Rochester and Buffalo were the only two cities which reported gains in both employment and payrolls. In Rochester, employment was one per cent greater than in April, and wages were four per cent larger.

Utica reported a rise of one and one-half per cent in factory payrolls. The payroll increase accompanied a decrease of one and one-half per cent in employment.

### FISH IN LILY LAKE

#### OUTWIT OFFICIALS.

Binghamton, N. Y., July 10 (AP).—The fish in Lily Lake, near here, have defied the New York State Conservation Department.

The department took over the control of the lake a short time ago and planned to drain it, remove the fish, deepen the lake and restock it with fish from state hatcheries.

The lake was drained but the fish had vanished. It was found that they were hiding in deep spring holes in the bed of the lake. Members of the Sportsmen's Club, under direction of state fish and game wardens, attempted to remove them, but without success.

The Department of Conservation has accepted the challenge and two crews of five men each from Constantia and Bemus Point have been ordered to Binghamton. They will bring two boats, a dozen large trap nets and a 200-foot seine, with which to lay siege to the fish.

## Milk Survey Shows Requirements

**Retail Milk Prices Should Not Fluctuate at Short Intervals, Says Federal Specialist, Who Points Out Conditions in Metropolitan Area.**

A survey of the consumer demand for milk in the metropolitan area of New York which has been conducted by the United States Department of Agriculture and Cornell University discloses numerous factors of value to producers and distributors in gauging the milk and cream requirements of this market.

Receipts of milk and cream at New York have shown an almost constant increase since 1925 due to the steady growth of population and increased per capita consumption, declares H. A. Ross, marketing specialist of the Department of Agriculture, reporting the results of the survey. Both the population and the per capita consumption of milk increased at about the same rate from 1912 to 1915, but from then until 1926 the latter has been relatively higher. The combined effect of these two factors has been to send the total receipts of milk in 1926 to 155 per cent of the 1919-14 average. The per capita consumption of milk in 1926 was 129 quarts, or 39 per cent higher than during the base period when it was approximately 100 quarts.

Discussing the causes of seasonal variations in demand, Mr. Ross says that the two chief factors are the annual vacation migration and the major temperature changes of the passing seasons. These two factors act in opposition since both the per capita consumption of milk and the number of persons going on vacations increase as midsummer approaches. There is a tendency, however, for an increasing number of persons to take vacations, the vacation movement for the entire area in 1923 and 1924 being almost double what it was in 1919 and 1920.

### Demand Varies During Week.

There is also a day-of-the-week variation in demand, says Mr. Ross, the figures showing that sales of milk are greatest on Monday and lowest on Sunday; the highest cream demand is on Saturday and lowest on Sunday. Holidays that fall on week days, and particularly those that permit an out-of-town trip, usually result in decreases in sales of most dairy products. Religious holidays affect sales in a somewhat variable manner. Passover week resulting in a decrease of about 11 per cent in the sales of bulk milk. A sudden rise or fall in temperature in winter does not greatly affect sales, but a similar fluctuation in summer may have a marked effect on demand.

Discussing the effect of price upon demand, Mr. Ross declares that this study and a somewhat similar one of the Chicago market indicate very little elasticity in demand when the consuming public becomes accustomed to a retail price which changes occasionally. Milk is recognized as an inexpensive and essential food, and it costs of producing milk rise, the retail price can be advanced 1 cent at a time with very little effect on sales. Undoubtedly, however, there is a limit beyond which the price can not be advanced without a sharp fall in demand.

Retail milk prices, he says, should not fluctuate at short intervals, but a price which advances in the fall and recedes in the spring accustoms consumers to the idea of a variable milk price, so that consumption is practically unaffected when market conditions necessitate an advance in price. It was the lack of this system that was largely blamable for the milk business in 1916, when public opinion delayed a price advance until decreased production and a milk strike forced a change.

### Little Hope of Perfect Adjustment.

Although Mr. Ross sees little hope that perfect adjustment between supply and demand in the New York milk market will ever be attained, he declares that some changes which will eliminate the present seasons of surplus and shortage appear necessary. The seasonal supply of milk can be changed more readily than can the demand, and the adjustment will have to come about by making the production of milk during the shortage season sufficiently profitable to induce producers to change their present practice. A supply slightly in excess of the average requirement at any given period must be maintained to take care of the irregular fluctuations.

A full report of the survey has been published by the United States Department of Agriculture in Technical Bulletin, No. 73-T, entitled "Some Factors Affecting the Demand for Milk and Cream in the Metropolitan Area of New York." Copies may be obtained from the Department of Agriculture, Washington, D. C.

### Special Effort Only

#### Can Give Supremacy

Strength is a matter of effort. You cannot hope for great strength, or athletic strength, or any high degree of vigor, as the result of haphazard types of exercise. You cannot hope to become a wrestler by playing croquet. You cannot become a champion sprinter by the practice of walking. The piano mover has more muscular vigor than the bookkeeper, and the bookkeeper has more mental strength than the piano mover. Moral or spiritual strength grows with its exercise. And then again, athletic strength is acquired through athletic effort. It is almost axiomatic that the kind of strength you develop, and the amount of it, will be determined by the kind of effort and the extent of the effort put forth in training. Carl Eaton Williams writes, in Physical Culture Magazine. If you concentrate your training upon one kind of athletic activity, it does not follow that your training will fit you for some quite contrary type of effort.

### Old Belief Shattered

Experiments made at the University of California have proved that a bull's reaction to the color of red is no more than to any other color. In fact, judging by the conduct of the steers tested, it seems doubtful whether they can tell red from green, or white from blue. It is even possible that the animals have no realization of color at all.

## ELEANOR GUNN On Fashions

**Browns and Purples Are Cited for First and Second Place for Early Autumn—In the Meantime, We Sing "the Fashion Blues" and Other Things**

New York—in reviewing what has of late been heard from those who were worn at fashionable events like the re-establishment of both Europe, description of costumes in which brown is involved have occurred so often that one is not surprised at the statement that brown leads the list of colors noted for fall favor. There was some talk of brown for this spring and summer, and the Paris market, while not flooded with ensembles, dresses and coats that, if not actually brown, tended toward it, or else combined brown with beige.

It is also predicted that purple and mauves will continue their prestige, until they are lifted from the class of exclusive things, and become the rage. In the meantime, however, a very strong position in current fashions, especially in sports fields. Navy, as everyone knows, has become more the backbone of the wardrobe, travelers have preferred to beige and gray blouses, wedged to navy by way of change.

Linens and Cottons Return. Although one's keenest interest is always on what is about to break in fashion, there is no dearth of interesting developments in feathers and

flowers are noted. Beating ribbon remains a prime favorite, and one frequently finds that there is a belt to match the garment. Belts have become a habit with fashionable.

Straws and Velvets Combined. Straws have lived up to expectations concerning them. They are often combined with velvets, velvet having a flattering way of intruding itself into, or rather onto, everything one wears. The transparent velvet frock and the transparent or non-transparent velvet coat or jacket promise to round out the season.

Some of the irregularity, common to smart frocks, is being evidenced in millinery. Scarves, bras that dip and bend without any seeming uniformity, and crushable effects tend to give interest and variety to the midsummer mode. Felts remain undisturbed by the winds that have blown in straws. The changeable felt, accredited to Rose Deane and launched with success at the international tennis tournaments, is, of course, the last word in felt.

### PLATTEKILL.

Plattekill, July 9.—The Plattekill Grange will hold a meeting in the Grange Hall Saturday evening, July 14, when Farm and Home Bureau night will be observed in charge of the Home Economics committee. Excavation is being made for the cellars of the new houses of Ernest Walte and John Vandermark.

W. Leitch is having his house remodeled. Dr. and Mrs. Charles Johnston visited relatives at New Paltz Friday afternoon. Miss Carrie Johnston of New Paltz accompanied them home. Mr. and Mrs. John Neuwirth and

daughter visited relatives in New York city Sunday.

The ice cream parlor opposite J. Arthur Minard's store has been opened and is in charge of Miss Doris Barnes.

Mrs. Frank G. Carpenter recently attended the wedding of her niece, Miss Dorothy Gluzman, at New York city.

Mrs. Vernard Wager visited Mrs. Charles Terwilliger at Coldenham Thursday.

Mr. and Mrs. Walton Prentiss and daughter, Dolores, of Newburgh, were callers in this place Friday evening.

Much needed repairs are being made on the state road in this vicinity.

Mr. and Mrs. Volney Waite of Miami, Fla., are visiting Mrs. Matilda Waite.

Mr. and Mrs. Joseph McDonald and family of East Orange, N. J., visited at the home of Mr. and Mrs. H. Harris during the past week.

### Silk for Consistent Hindus

Muga silk is a product of Assam. It comes from caterpillars which feed on the castor oil plant. It is of great value in India, because it is the only silk that can be spun from cocoons without killing the insects in the cocoons, and it is therefore the only silk that can be worn by a strict Hindu.

In the dressing rooms of all the great studios, too, Lux Toilet Soap is used

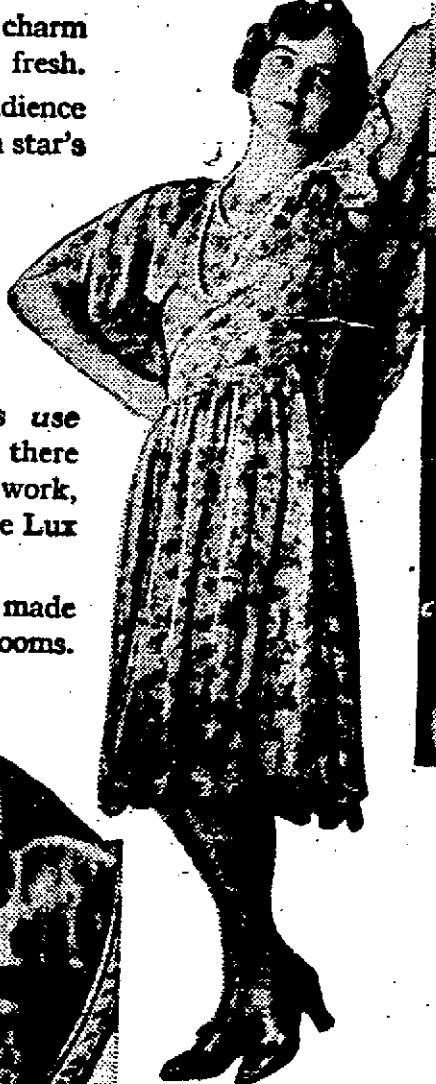

HOW deeply it stirs you—the charm of smooth, soft skin, dewy fresh.

A thrill runs through the audience when the close-up brings the screen star's alluring loveliness so near to them.

Directors insist on exquisite skin, for a star's skin must be satin-smooth to triumph under the glaring lights used in the close-up.

Nine out of ten screen stars use Lux Toilet Soap. In Hollywood there are 433 actresses doing important work, including all stars. 417 of these use Lux Toilet Soap—96%!

All the great film studios have made it the official soap in their dressing rooms.

MARY BRIAN'S fresh young beauty inspired this delightful bathroom.... "Perfect skin is a business, as well as a social, necessity to a screen star. Lux Toilet Soap certainly keeps 'studio skin' in perfect condition," says this charming little Paramount star.

"Even the most expensive French soaps could not leave my skin more wonderfully smooth than Lux Toilet Soap does," says LOIS MORAN, winsome, blonde star in Fox Films.

CORINNE GRIFFITH, First National star, whose wistful loveliness receives the most fastidious care, says... "Lux Toilet Soap gives my skin the same velvety feeling expensive French soaps do."

CLARA BOW'S vivacious, Auburn-haired beauty is outlined against an especially designed mirror.... "The wonderful lather of Lux Toilet Soap is a great help in keeping skin in perfect condition," says this popular Paramount star.

## MAX LEAPS TO DEATH OFF BOAT AT CEMENTON

Charles Williams, a negro, 40 years old, employed by the Alpha cement works at Cementon, was drowned in the Hudson river near that place last Friday afternoon when he jumped from a rowboat, disappeared beneath the surface and was not seen again. When Williams made the fatal leap his wife, Della and Howard Boice, were standing on the shore. Mrs. Williams said that when her husband, who had been rowing around for some time, stood up in the boat, he called to her: "Goodbye, Baby" and then leaped. Boice, however, said that Williams yelled "See me make a dive."

## Columbias Bow To the Apollo

The Apollos knocked the Columbias out of first place in the Industrial League Monday evening at the Athletic Field by handing them a 9-0 defeat. Staging an uphill battle from the beginning the Apollos tied the score at 3-3 in the third inning and then staged a rally in the fifth which netted them four runs and the ball game.

Jimmy Merritt, pitching for the Apollos, had a bad start in the first inning when he gave three free passes and hit a batter, which coupled with a single, accounted for the Columbias' three runs. He hit his usual pace after that inning and held the Columbias scoreless. Wojcik and Teetsel did the mound duty for the Columbias and were hit hard, 12 hits being made of them.

Glaser led the batters with four hits out of four trips to the plate. Crispell, Modjeska and Keller followed closely with three apiece.

With the score tied when the Apollos came to bat in the fifth inning they proceeded to win the ball game by hitting the ball hard. Merritt and Glaser hit singles, while Crispell, Modjeska and Minasian hit doubles, four runs scoring. They scored two more in the sixth.

RICE AND JOHNSON

MANAGING LOCAL TEAMS

Sheriff Arthur Rice has been appointed manager of the Pan-Am baseball team and Richard F. Johnson manager of the Blue Sox team. These local teams have played a number of games this season and are made up of excellent talent. As is well known, Sheriff Rice and Mr. (Dick) Johnson are veteran baseball players and under their guidance each team will profit by advice from their manager. The plan is to arrange for three games between the teams, the proceeds of the third game to be given to charity.

Game at Block Park.

The Golden Reds will play the Rondout A. C. tonight at Block Park.

Alaska Not Included

The term "continental United States" is merely one of convenience, and does not include the noncontiguous territory of Alaska.

## Paddock Set For the Olympics

New York, July 10 (AP).—Through official decree, the rough and rocky path of Charley Paddock's third bid for Olympic honors has been cleared of its last obstacle.

The one-time "world's fastest human" was accelerated yesterday by the registration committee of the Amateur Athletic Union of charges of professionalism brought in connection with Paddock's personal appearance in theatres exhibiting a motion picture in which the Californian played the leading role.

The decision, announced by Daniel J. Ferris, chairman of the committee and secretary-treasurer of the A. A. U., allows Paddock to realize one of his pet ambitions—competition in three successive Olympic games. He will sail tomorrow noon for Amsterdam with the rest of the American team on the S. S. Houston.

Paddock's vindication came after he had conferred with Ferris and Robert S. Weaver, president of the Southern Pacific Association of the A. A. U., explaining in detail just how his motion picture tour was arranged. The sprinter reiterated previous statements that he had received remuneration neither for his work in the film itself nor for his personal appearance in theatres showing it. He supported this assertion with affidavits signed by Franklin M. Baldwin, theatrical producer, and Nicholas Schenck, an exhibitor of the film.

Thus ended a sensational last-minute dispute that overshadowed every other American Olympic development over the last week-end.

## Sport Slants

By Alan J. Gould,

(Associated Press Sports Editor.)

New York, July 10 (AP).—Three American athletes, Jole Ray, Lloyd Hahn and Charley McGinnis, will attempt to score double victories in the Olympic track and field championships at Amsterdam but it is doubtful whether any one of them will succeed.

Of the trio, Hahn perhaps has the best chance to score a double, although his efforts will be put forth in two events, the 800 and 1500 meters, in which the keenest sort of competition will be forthcoming from European rivals.

Hahn stands out now as the greatest 800 meter runner in training. The performances of the famous Nebraskan in shattering the American record and then the world's mark for the distance surpass anything so far registered abroad by his foremost rivals—Dr. Otto Peltzer of Germany, Douglas Lowe of England, the champion, and Seraphina Martin of France. Peltzer has not recovered from the effects of an ankle injury and may not even reach the Olympic final. Lowe, at his best, never touched Hahn's marks for either the half mile or 800 meters. But the Englishman is a great competitor and may be the American's leading opponent.

Lloyd's opposition in the 1500 meters will come chiefly from Finland. Apparently there will be plenty of it for Paavo Nurmi, the champion, and no better than third in a tryout in which a newcomer, Lagerstrom, equalled the world's record with Borg in close pursuit. Thus the Finn will have at least three threats with Sweden counting on Edvin Wide to stage a come-back and France putting forth a new contender in "Chesty Jules" Ladoumergue.

Jole Ray probably will have a better chance to win in the marathon than the 10,000 meter race although he is by far the outstanding American in the latter event. In fact his only company from home will be Blondy Romig, the former Penn State runner who placed fourth in the 5,000 meter championship four years ago.

The other athlete attempting a double, Charley McGinnis, Wisconsin's great pole vaulter and high jumper, will likely have his own countrymen to beat if he is to land on top in either event. He tied Bob King in the high jump trials and beat the Olympic champion, Hal Osborn, but it is doubtful whether he can surpass such pole vaulters as Sabin Carr, Lee Barnes or Bill Drogemuehl. All three did 13-9 at the final trials, while Barnes and Carr have surpassed 14 feet. McGinnis did 13-6 between high jumps last Saturday and in a day when he can concentrate on vaulting may be able to go higher.

STRANGLER LEWIS WINS

AFTER HARD STRUGGLE

Minneapolis, July 10 (AP).—Ed (Strangler) Lewis had a busy evening defending his world's heavyweight wrestling title against Martin Piestina, Chicago, last night. He won, but only after going three falls. The champion used a series of headlocks to pin the Chicago grappler for the first fall in 27 minutes and 24 seconds. Piestina took the second in 17 minutes and 57 seconds with a crotch and half Nelson. The same hold was employed by Lewis to take the deciding fall in seven minutes, 21 seconds.

In taking the second fall, Piestina locked his fists and brought them down with terrific force on the back of Lewis's neck. The blow pitched the champion face forward to the mat and before he could scramble out of danger, Piestina pinned him with a crotch and half Nelson.

Nick Lutze, former Notre Dame athlete, defeated Cowboy Jack McCarthy of Montana in 12 minutes and 14 seconds in a preliminary.

## DIAMOND PICK-UPS

Online announces the acquisition of

the following players from Springfield of the Three-I League.

Pitcher Wadell, veteran Texas leaguer, has won over 250 games in that circuit in the past ten years.

The American League, an organization composed of the New York Yankees and seven dark horse candidates.

Kenneth Miller, twenty-two, pitcher of the Miami university baseball team, has been signed with the St. Louis Cardinals.

"Lefty" O'Doul, now with the Giants, has three times equaled the feat of snapping six hits on six trips to the plate in a game.

The Minneapolis American Association club has released Pitcher Moon under option to Nashville of the Southern association.

Allan Somoron, St. Louis Cardinal coach, has signed with the Boston Braves as a coach under his old manager, Rogers Hornsby.

England's champion cricketer was responsible for 1,000 runs during the month of May. Let Babe Ruth shoot at that mark for a while.

The National league is holding a baseball contest this season. The American is holding a little picnic for Colonel Ruppert's class.

The fine batting of George Sizer has already endeared him in the hearts of fans who follow the fortunes of the Boston Braves.

The Boston Traveler says that Rogers Hornsby, manager of the Braves, is making overtures to the St. Louis Cardinals for the services of Tommy Thorenor.

While, youthful Pittsburgh shortstop, has been yanking the ball so hard that Manager Shane Collins moved him from seventh to third place in the batting order.

Ray Jacobs, the third baseman obtained by the Cubs from Los Angeles, has been released under a 24-hour recall privilege to Toledo of the American association.

Rev. George Bach, pastor of the Prospect Hill Baptist church in San Antonio, Texas, is the regular catcher of the church ball team, which plays in the Baptist league.

Philadelphia discarded the White Elephant insignia this season as there were six other American League cities that desired to make use of the term in describing the home-town team.

Outfielder Dick Spalding, the leading gardener in fielding last year, has been signed by the Griffs. Spalding was given his unconditional release by the Phillies last winter, a surprising move to the fans.

The Gibson family of eighteen living children in Chester, S. C., boasts of a baseball nine of boys and a basketball sextet of girls, who defy any similar team in the world composed of brothers and sisters.

Arnon Ward, utility infielder acquired by the Cleveland Americans from the Chicago White Sox during the spring training period, has been given his unconditional release after eleven years in the league.

Clark C. Griffith, president of the Washington American baseball club, used a midiron for hole No. 13, a distance of 163 yards, on the Columbia Country Club course at Washington. When the ball stopped sailing and rolling Griffith had made a hole in one.

## Sporting Squibs

Le Jolying de Paris, the oldest sports club in France, founded in 1833, plans to celebrate its seventy-fifth anniversary this year and disband.

The late James McLaughlin, one of the greatest jockeys ever produced in America, had the leg up on five winners of the historic Belmont stakes, among the richest events for three-year-olds.

Alderman Louis Rubenstein of Montreal, one-time amateur figure skating champion of the world, never fails to attend a sporting function of importance in Canada no matter where it is held.

E. K. Hall, chairman of the National Football Rules commission, is generally considered the "Landis of football." The yearly changes in rules are directly traceable to his close study of the game.

The new greyhound kennels at Ruislip, England, where best blood dogs will be used for breeding purposes, will have central heating, isolation hospital with lying-in wards and ultra-violet radiation glass and baths.

All noise-producing instruments of every description will be taboo during the Olympic contests. The human voice, reinforced by the clapping of hands and the tramping of feet, will remain as the only means of rooting.

Oldest Wine Is Sirup

The world's oldest wine, housed in the famous wine museum at Speyer, Germany, has thickened to such a degree that it is now undrinkable. The liquor, contained in a bottle of Roman origin, is believed to be more than 1,700 years old.

## Tagging Major League Bases

(By Herbert W. Barker, Associated Sports Writers.)

Perhaps the Pittsburgh Pirates aren't going anywhere in particular this year but they seem determined to keep the National League championship in the west.

Bowling over the New York Giants for the third time in a row, yesterday, the Corsairs thereby earned a vote of thanks from the St. Louis Cardinals who took occasion to beat the Boston Braves again and stretch their lead to four and one-half games.

A few days ago, the Giants, with a successful intra-sectional series behind them, were but two and a half games back of the Cardinals and had the strategic advantage of having one less defeat than the league-leaders.

Today the shoe was on the other foot. The Cards have dropped 23 decisions, the Giants 30.

Burleigh Grimes was the thorn in McGraw's side yesterday. The spitballer, traded to the Pirates for Vic Aldridge, has faced his former teammates three times this year and beaten them every time. The score of his latest victory was 5 to 3. Grimes never was in danger after Lloyd Waner hit a home run with one on the fifth to give Bush's men a 3 to 1 lead.

Bottomley Hit His 19th.

Two homers, accounting for five runs, featured the Cardinals' 5 to 3 triumph over the Braves. Jim Bottomley hit his 19th of the year with two on and George Harper found one man on the bases when he poked one out for the circuit. A thumb injury kept Frank Frisch on the Cardinal bench for the first time since he joined the club in April, 1927.

The Cincinnati Reds, holding the third rung in the standing, drew up to within eight percentage points of the Giants, with their third straight decision over the Phillies, 5 to 4. The Phils outbit the Reds but Ray Kolp bore down when danger threatened.

Dazzy Vance pitched the Brooklyn Robins to their third win in the five-game series with the Chicago Cubs, 6 to 2. Great fielding by the Dodger infield kept Vance out of trouble.

In the American League.

The American League campaign saw the New York Yankees' lead shaved to 11 games when the champions split a doubleheader with the St. Louis Browns while the Philadelphia Athletics were crushing Cleveland.

Herb Pennock shut out the Browns with six hits in the opener at New York, 4 to 0, but four Yankee hurriers were battered for 20 hits in the nightcap which went to St. Louis 12 to 6. Heinie Manush got six hits during the day, five of them in the second game. Lou Gehrig was banished from the field of action for disputing a decision in the closing encounter.

George Grant's string of seven straight wins was snapped as the Athletics buried the Indians under a 14 to 4 score, making 23 hits. Al Simmons and Sammy Hale each got four. Jack Quinn pitched effective ball for the Mackmen.

RED SOX LOST OUT IN NINTH TO NEWBURGH TEAM.

The Red Sox Baseball Club of Kingston traveled to Newburgh Saturday afternoon where they were defeated by the Fro-Joys of that community in a hard battle. The Sox were leading all through the game until the ninth inning when the Fro-Joys came through with three runs beating the Sox out by a score of 5 to 4.

Ferguson of the ice cream men won the game for the Fro-Joys by a line drive down the third base line which the Sox were unable to handle. Pete Mitchell the speed-ball twirler, was on the mound for the Sox and made a great showing against the Fro-Joys. Joe Dalin, the Sox center fielder, made two beautiful catches running from center field for a line drive which he caught just over the second baseman's head. Edwards did the hurrying for the Fro-Joys while Hyatt was at the receiving end. Manager Shay of the Fro-Joy team complimented E. Luedtke, booking manager of the Sox on the team's great sportsmanship shown in the game at Newburgh. The Fro-Joys will take on the Sox again sometime in August.

Letters of administration were issued to Bruce Herrick in the estate of Thomas Montgomery Herrick of the town of Woodstock, who died intestate. Value of estate, \$2,500.00 real. Leslie A. Elwyn represented the petitioner.

## LARGEST BROWN DERBY FOR GOVERNOR SMITH.

New York, July 10 (AP).—Governor Smith will own the largest brown derby in the world.

Boy Scouts arranged for the presentation of the hat at the governor's annual visit to their camp at Bear Mountain this afternoon.

The derby is five feet long and four feet high. It follows the approved lines of the bowery kelly of 100 years ago. The rim is flat and wide enough for bicyclists to ride upon.

## TWO MORE DEATHS FROM SEPTIC SORE THROAT.

Lee, Mass., July 10 (AP).—Two more deaths today in the epidemic of septic sore throat in this town brought the total to 14. Those who died today were Salvador Beach, an 18-year-old Civil War veteran, who died at the Hyde School Infirmary, and John Carraher, 75, who died at a hospital in Pittsfield.

## Superpower Corporation Dividend.

New York, July 10 (AP).—Italian Superpower Corporation, incorporated in Delaware last January to acquire interests in virtually all important electric power and light companies in Italy, today declared an initial quarterly dividend of \$1.50 a share on the preferred stock, payable August 1 to holders of record July 15.

## Dodge at Broadway Theatre.

Harry P. Dodge, whose organ playing at the Reade Theatre on Wall Street has called forth so much favorable comment from visitors from out of town attending the theatre as well as from music lovers of Kingston, is playing the organ at the Broadway Theatre this week.

## Shipping Scrap Iron by Barge

Workmen have been busy for the past few days unloading cars of scrap iron from the Ulster & Delaware railroad tracks on the Rondout creek front into barges moored at the dock. The scrap iron is being shipped to Buffalo by barge by the Kingston Scrap Iron and Metal Company of Masabrook avenue. The barges, when loaded, will be towed up the Hudson river and through the barge canal to Buffalo.

## FIVE CLEMENCY HEARINGS BEFORE GOVERNOR SMITH

Albany, N. Y., July 10 (AP).—Five clemency hearings will be conducted Monday, July 16, at 1 p. m., by Governor Smith.

Two of those who will be given an opportunity of making a last attempt to escape the chair are to be electrocuted during next week. They are Daniel J. Graham, former New York city policeman, convicted of killing a paymaster he had formerly guarded, and Joseph Lefkowitz, of New York city, convicted of killing Benjamin Goldstein by pushing him from a rowboat in order to obtain \$70,000 insurance carried by Goldstein.

Three others are to die during the week of August 6. They are George Appel, convicted of killing a lieutenant of police in New York city; Ronald Osman, convicted of killing a restaurant proprietor in New York city; and Alexander Kalinowski, convicted of killing principal keeper Durnin at Auburn prison.

## GOVERNOR AND PITTMAN LEAVE FOR NEW YORK

Albany, N. Y., July 10 (AP).—Governor Alfred E. Smith, Democratic presidential nominee, accompanied by Senator Key Pittman, left for New York city this morning, where he will attend the meeting of the Democratic national committee tomorrow.

On his way to New York city he will stop at Bear Mountain Park to address the Boy Scouts encamped there. He plans then to visit Camp Smith, of the New York National Guard, across the river from Peekskill.

The governor left the executive mansion shortly before 11 a. m. He planned to leave Camp Smith this afternoon, arriving in New York city tonight.

## UNEARTH ANCIENT INDIAN BURYING GROUND

Niagara Falls, N. Y., July 10 (AP).—Workmen constructing a road northeast of Youngstown today unearthed an ancient Indian burying ground. Bones were brought to the surface by steam shovels. Among the articles unearthed were arrows, stone axes, tomahawks and copper kettles. The articles were taken to the old castle at Fort Niagara where they will be added to the collection of historical relics. The bodies were left by the roadside and historians of Youngstown are considering holding an Indian burial ceremony in connection with their reinterment.

## YOUTHFUL STOCK PROMOTER SUED FOR BIG INCOME TAX

Los Angeles, July 10 (AP).—Jacob Berman, one of the officials of the defunct Julian Petroleum Company, has been made defendant in one of the largest income tax suits ever filed here.

In a suit filed yesterday, the internal revenue collector demanded that the youthful oil stock promoter pay the government \$1,463,934.88 for profits realized during 1926.

Berman and S. C. Lewis, head of the company when it was adjudged bankrupt because of an over-issue of stock aggregating several million dollars, now face mail fraud charges in federal court in connection with the promotion of the Lewis Oil Corporation.

## Concert at Cordis Terrace.

On Thursday evening, July 12, at 8 o'clock, Excelsior Hose Symphony Band will give a concert on the Cordis Terrace opposite Cordis Hose Engine House in Ponckhockie.

No doubt a large number of people will take advantage of this musical treat, as the fire ladders have been rehearsing extra hard in order to make this one of their best concerts.

## Body Burn Fatal to Boy.

Niagara Falls, N. Y., July 10 (AP).—Joseph Lo Tempio, 14, died late yesterday in a hospital from tetanus which developed from a powder burn on his hand. The boy suffered the injury on July 4. He developed the first symptoms of tetanus on Sunday, when he complained of a stiff neck.

## U. S. Steel's Unfilled Tonnage.

New York, July 10 (AP).—Unfilled orders of the United States Steel Corporation on June 30 amounted to 3,637,009 tons, an increase of 220,187 tons over the preceding month.

## Notify Senator Curtis August 18

Washington, July 10 (AP).—The date for notification of Senator Curtis of Kansas of his vice presidential nomination by the Republicans was fixed today for August 18.

The exercises, which will follow by one week the notification of Herbert Hoover, will be in Topeka, Kansas, the home of Senator Curtis. The vice presidential nominee is now in Washington. He will go to Topeka about the last of the month.

Senator Fess of Ohio is chairman of the notification committee for Senator Curtis.

Chairman Work of the Republican National committee also announced today that Representative Tilson of Connecticut would open an eastern office will be under the direction of Representative Newton of Minnesota, who is director of the Republican speakers' bureau for the campaign with headquarters in Chicago.

It was also announced that J. N. Butt of Cleveland, the now treasurer of the National committee, would maintain his headquarters in Cleveland with sub-offices in Chicago and New York.

## JAPAN MAY APPROVE KELOGG PROPOSAL

Tokyo, July 10 (AP).—Japan's reply to Secretary Kellogg's proposal of a treaty to outlaw war is being drafted and will probably be sent to the embassy within a fortnight. The reply is understood to be almost blanket approval of the project.

## ARANDOS HOPE OF FINDING THREE ENTOMBED MEN ALIVE.

Pottsville, Pa., July 10 (AP).—Rescue squads seeking to reach the three men entombed in the Lytle Coal Company colliery at Lytle, near here, had early today practically abandoned hope of finding the men alive. Mine officials said they expected to reach the men some time before noon.

The three men, Charles Beva, John O'Fallon and Matthew Besock, were trapped yesterday by a gas explosion which wrecked the gangway and filled it with debris. Rescue operations are being carried on between the fifth and sixth levels, the men being entombed on the fifth level.

## Frisco Will Greet Filers.

San Francisco, July 10 (AP).—Harry Lyon and Aylace Warner, navigator and radio operator of the monoplane Southern Cross during its flight from Oakland, Calif., to Sydney, Australia, will return tomorrow. An uproarious welcome is in store for them. Mayor James Rolph's reception committee of 400 persons and the municipal band will greet the two fliers as they disembark from the liner Malolo.

# PACKARD SIX MODELS REDUCED \$300

THE Packard Motor Car Company has just advised us by telegram that effective July 9 prices of all models of the Packard Six have been reduced \$300. The new prices are as follows:

### 126" Wheelbase Models

2-Passenger Runabout	\$1975
5-Passenger Sedan	1985
5-Passenger Phaeton	1975
2-Passenger Coupe	2050
2-Passenger Convertible Coupe	2125

### 133" Wheelbase Models

7-Passenger Touring	\$2185
4-Passenger Coupe	2385
5-Passenger Club Sedan	2385
7-Passenger Sedan	2385
7-Passenger Sedan Limousine	2485
2-Passenger Runabout	2085
5-Passenger Phaeton	2085

(Prices f. o. b. Detroit)

These reductions have been made because the factory expects to announce in the late Summer, new cars which though identical in size and similar in appearance, will have enough mechanical changes to classify them as new models.

In view of these reduced prices and of the fact that the new cars will be priced higher than the present cars were before this reduction, the purchaser of a Packard Six has now not only a great price advantage, but also immediate use of the most successful and popular car Packard has ever built, and at the lowest price at which new Packard cars have ever been offered.

Your used car will be accepted as cash and if of average value will more than make the down payment on the new car. Your cash outlay will then be only \$100 or so a month on a Packard Six which the average owner keeps more than four times the payment period.

### Genii of Good and Evil

The purifying power of the truth is so great that the mere struggle to attain it gives rise to a better atmosphere. The destructive power of the lie is so sinister that the mere tendency towards it darkens the sky.—Arthur Schaffler in Vanity Fair.

### Financial and Commercial

New York, July 10 (P).—Stock prices turned reactionary today after an early display of strength. Fears of higher money rates, intensified by the marking up of the call money rate to 6 per cent and the calling of about \$15,000,000 in bank loans, cast a damper on bullish sentiment. Early gains up to 4 points were wiped out and replaced by declines ranging from 1 to 4 points in active issues, and much more in a few of the high-priced specialties.

The rain of 226,187 tons in the United States last month proved to have been fairly well distributed, as the stock was heavily sold after the report came out.

Selling pressure also was effective against such issues as Montgomery-Ward, Sears, Roebuck, Wright Aero, Warner Pictures, Radio, Johns-Manville, Curtiss and Greene Cananea Copper, all of which sold 2 to 4 points below yesterday's final quotations.

Indian Refining Preferred, which had scored a spectacular gain in the last few weeks, broke 27 points on one sale, and New York and Harlem dealt in only in odd lots, fell 29 points.

Operations for the advance succeeded in lifting a few specialties to new high records, but they had difficulty in attracting an outside following in the general list. Private estimates of a large increase in crude oil production tended to restrict the buying movement in the oil shares, although further accumulation was noted in Sinclair and the stocks of a few other refiners.

Quotations given by Parker McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York city, branch office, 260 Fair street.

### News of the Day In Wall Street

New York, July 10 (P).—Nash Motors Co. started \$1.50 a share in the half year ended May 31, against \$1.37 a share in the previous corresponding period. The usual extra dividend of 50 cents was declared with the regular quarterly of \$1.

National Biscuit Co. reports second quarter net profit of \$4,259,941, against net profit for the half year of \$1,000,000. This compares with \$1,224,117 in the second quarter of 1927 and \$1,000,000 for the previous corresponding half year.

June sales of twenty-two chain store companies tabulated by Merrill, Lynch and Co., show an increase of 7.4 per cent over June last year, \$1,700,044 against \$1,571,555. All showed gains except Childs Restaurants.

J. M. Kerr, president of the New York, Ontario and Western, says declines will be shown in gross revenues and net operating income for June compared with a year ago, but expects third quarter earnings would equal those of the third quarter last year and that the last quarter's business would be much ahead.

The machine tool industry, taken as a whole, has just passed through an exceptionally good half year. Manufacturers of machinery enter the summer period with considerable optimism, American Machinist reports. With sustained activity in the automotive industry, a high rate of industrial construction and increased expenditures by the railroads, the outlook for the third quarter is regarded as favorable.

### Society Notes

Hansberry-Johnson.  
Hudson Hansberry and Anna Johnson, both of Malden, were married at the parsonage of the Saugerties Baptist Church on Sunday, July 7, by the Rev. James O. Smith.

Golden Wedding Anniversary.

### Local Death Record

Mrs. Mary E. Hill, widow of John H. Hill, formerly of West Camp, died at the residence of Arthur Morey in Palenville on Sunday in her eighty-third year. Funeral services were held today in the West Camp Church with interment in the West Camp Cemetery.

Sarah-Bush Reymar, widow of Edward Reymar, died Monday evening at her home, 40 Elmendorf street. She is survived by a brother, Alfred S. Bush, of this city, and two nieces. She was a member of the First Reformed Church. Funeral from the late residence Wednesday afternoon at 2 o'clock with private interment in Whitwick cemetery.

The Rev. Francis B. Burke, assistant priest in St. Patrick's Church, Newburgh, died Monday morning at the home of his sister, Miss Mary C. Burke. Father Burke was born in Newburgh fifty-seven years ago. Before going to St. Patrick's his assignments were in St. Peter's Church, New Brighton, Staten Island, and St. Ambrose's, Holy Trinity and St. George's in New York city.

Marlborough, July 10.—Matthew S., small son of Mr. and Mrs. Jerry McCourt, of South Main street, Marlborough, died on Wednesday afternoon, July 4, in St. Luke's Hospital, Newburgh. Meningitis was the cause of his death. The little boy was two years and four months old. Funeral services were held on Friday afternoon at the home of his parents, the Rev. J. F. Hanley officiating. Interment was in St. Mary's cemetery, Marlborough.

The funeral of Louis Pulos was held from the Clinton avenue M. E. Church Monday afternoon at 2 o'clock. The services were in charge of a Greek minister from Poughkeepsie assisted by the Rev. A. A. Vradenburg, pastor of Clinton Avenue M. E. Church, where Louis attended Sunday school. The services were largely attended, and the floral tributes were many and beautiful, showing the esteem in which the deceased was held by his many friends and playmates. Interment was in the family plot in Montrose cemetery where the committal services were held.

The funeral of Mrs. Louis Conklin, who died at the City of Kingston Hospital Wednesday, was held at the Rosendale Reformed Church Sunday at 2 o'clock and was very largely attended by her many relatives and friends who wished to pay their respects to one they held in high esteem. The services were conducted by the Rev. C. V. W. Bedford, assisted by the Rev. J. S. Stowell. During the services Mrs. Joseph Mooney sang "That Beautiful Isle of Somewhere" and at the conclusion sang "Face to Face." The casket bearers were Silas B. Roosa, Harry C. Baxter, Patrick Reilly, Silas S. Anchoomedy, Ralph H. LeFever and George Mattman. The large funeral cortege was accompanied to Fairview cemetery at Stone Ridge by the Rev. Messrs. Bedford and Stowell who conducted the services at the grave.

### Proclaim Need For New Party

Chicago, July 10 (P).—Keynote speakers at the Prohibition and Farmer-Labor conventions here today proclaimed a need for a new party. Dr. D. Leigh Colvin, of New York, chairman of the Prohibition National Committee, declared a new party is needed "because neither the Democratic nor the Republican parties can completely enforce prohibition because each is part wet and part dry."

Laura Hughes Lundy, of Chicago, opening the Farmer-Labor meeting, saw a need for party realignments because of what she termed "the domination of the privileged few."

### W. T. GRANT COMPANY SELLS \$15,000,000 OF N. Y. MADE GOODS

People in 29 states will spend between fifteen and twenty millions of dollars for New York state products in stores of the W. T. Grant Co. this year, a recent report states. During the first four months of the year goods made in this state and valued at retail at \$5,106,217 were distributed in the 189 stores of the Grant chain. Multiplying this by 5 and not taking into consideration the extra fall business gives the amazing total

of over \$15,000,000, while the actual figures will probably run well in excess of this estimate.  
Over 25 of New York state's manufacturing communities contribute to this enormous volume. Three hundred and fifteen different items are represented in the list of Grant orders. The category runs all the way from dining room to ball string transformers, and from wool cotton to complete house trucks. There are 27 Grant stores in New York state.

President Commutes Death Sentence.  
Superior, Wis., July 10 (P).—President Coolidge today commuted to life imprisonment the sentence of Malcolm Howard, a negro, due to be executed in Washington, D. C., July 13, for first degree murder.

In Memoriam.  
In loving memory of our dear daughter and sister, Beatrice Pomerooy, who left us six years ago today.

There's someone who misses you sadly  
And finds the years long since you went.  
There's someone who thinks of you daily.  
But tries to be brave and content;  
So we shed a tear that is silent,  
And breathe a sigh of regret,  
For you were ours, we remember  
If all the world should forget.

Parents and Brothers,  
MR. AND MRS. ARTHUR POMEROY AND SONS.

In Memoriam.  
In memory of Charles L. Cordy, who died one year ago, July 10, 1927.

Words could never express our feelings, and how we miss our boy. But God knew best when He called him away. And all we can do is to pray that we may meet him again some day.

Signed,  
LOUISE CORDY,  
CHARLOTTE CORDY,  
MR. AND MRS. L. FANCHEN,

## STATE FAIR PLANS BIGGEST DISPLAY FOR 88TH EVENT

August 27 to September 1 Will Be Great Agricultural Week at Syracuse.

## FINE PROGRAM IS PREPARED

The 88th annual New York State Fair is being planned on a greater scale than ever before and there is every indication that the week of August 27 to September 1 will provide a banner exposition of the agricultural interests of the State surpassing any previous event. With premiums increased as an added encouragement to the farmer it is expected there will be a greater variety of high class exhibits, as well as one of the biggest crowds ever assembled at Syracuse.

of the Agriculture and Markets department headed by Commissioner Berno A. Pyke, and with reasonably certain weather it is predicted, by department officials that the attendance will climb to 100,000.

The preliminary plans indicate that Monday, the opening day, will attract a record crowd. This has come to be known as Hamiltonian day, as this date marks the birth of the State. It is the largest purse for any race of its kind on any track in the world and it leads the Grand Circuit race program for the week.

Mayors of New York State cities will attend Monday for a business session in the morning and to see the fair in the afternoon. Nearly every city and community in the state will be represented. Secretaries of Chambers of Commerce will also attend for a state session.

Tuesday, Farm and Home Bureau Day, will witness a great gathering of farm interest from every county in the state. It will also be a great day for boys and girls, for each county will send representative young farmers to take part in the agricultural exhibit for which they will have competed weeks prior to the fair opening, as members of the 4-H Clubs. This interesting feature last year proved greater than anticipated and hundreds took part in the parade. Speakers of national importance will be on the program, it is promised.

Thursday is Governor's Day, and the presence of Governor Alfred E. Smith will have greater interest by reason of his having been selected as the party's candidate for the presidency. The Republican candidate for president will also be invited to the fair.

Farm machinery is getting to be a separate show by itself and more space has been provided for this important phase of agricultural display. Friday has been designated as Farm Machinery Day.

Saturday will attract one of the largest crowds of the week. It always does because of the interest in the 100-mile automobile race, which

attracts all of the leading drivers who compete at Indianapolis.

The free attractions program will be one of the best yet presented. A big feature will be the huge outdoor stage spectacle, "Fetters of 1823," in front of the grandstand. The horse show during the day will also be conducted in an enlarged paddock in front of the grandstand. The Bernard Showa provide a complete, clean midway of shows and riding devices. The 48th Highlanders Band of Toronto was so well received last year that the band has been secured again this year. Cerrone's circus band will provide music for the entertainment acts.

The Night Show makes it possible for everyone to see the fair during the early evening and the entire program of vaudeville in front of the grandstand. A wonderful pyrotechnic display will be featured by the flight of the Lone Eagle, Lindbergh, outlined in the fire.

## RARE GLASS GLOBE IN CAPITAL MUSEUM

## World's Largest Crystal Attracts Lawmakers

Washington.—Resting on its circular base, the world's most perfect crystal stands ready to reveal whatever secrets of the future may be desired. Appropriately enough, this rare globe of glass, nearly 14 inches in diameter and weighing 110 pounds, is in Washington's National museum.

To this perfect orb come thousands to gaze, and, if possible, obtain a message from the mystic future or a warning based on events of the past. Here, too, might be found the answer to political hopes and legislative ambitions.

It is known that the capital has several senators and representatives who regularly visit, on certain days of each week, the oracle of the crystal gazers.

The largest crystal ball in the world, guarded closely, came originally from China, where it was said to possess mystic powers and unusual accuracy in foretelling the future.

Two hundred years ago Emperor Chieng Lung received a massive block of crystal, mined in ancient Burma. It must have weighed a thousand pounds, and been at least four feet square.

Orders Big Crystal. The emperor gave orders that the mass be used to make a crystal ball of the largest possible size. To do this the most skillful craftsman of the old empire was chosen. This took more than a year of effort. It was

then taken to Japan for repolishing. This work consumed about six months under Japanese artizans, the most skillful known in this work. The crystal, then in all its luster and acuminating brilliance, was given to the emperor, and it was one of his most valued possessions.

It is said that, for special service, a mandarin was told that he might have any wish fulfilled and the reward was the great crystal. For almost two centuries it remained in the possession of the mandarin's descendants, until financial troubles compelled its sale.

It is not hard to imagine the hands, both wrinkled and smooth, that have caressed this polished surface. What hands have drawn back, as eyes have seen mirrored the events of the future? All the mysticism and hypnotic power ascribed to crystals in all ages and all countries leaps to the imagination as one gazes on this perfect specimen.

## Abode of Ancestors.

Long, long ago, in China, it is said, the crystal ball was found in a dragon's lair. The emperor of that early period, gazing into the ball, saw reflected the spirits of his bygone ancestors, praising and glorifying him for releasing them from control of the dreaded dragon.

Thus, it is believed in the Orient that the crystal ball is the abiding place of one's ancestors. It is believed to possess the power of foretelling evil, since any evil spirit entering the house will first attempt to hide in the ball. When trouble impends, the ball is placed at night outside the home. The cold morning dew clouds and dulls the luster. Carefully, then, and gently the surface is rubbed, and, if the dew vanishes and the ball is restored to perfect purity, the evil has been vanquished; if not—woe betide.

Crystal gazing has long appealed to humanity. Congressmen are not the only illustrious persons who find solace and comfort in its visions. Roger Bacon has told in his writings of the crystals possessed by the friars in which events happening at far distant places were mirrored.
